

COURSEWORK for MASTER'S OF SCIENCE in PHYSIOLOGY

The Graduate School requires **30** semester hours at the 400/500 level for the Master's degree.

1. At least **15** of the required hours must be 500 -level courses and completed at SIUC.
 - a. A minimum of 3 hours of PHSL 599 (thesis) is **required**.
 - b. The student can take more than 3 hours of 599, however only 6 may be counted toward the 500 level requirement.
2. At least **21** of the required hours must be graded (A,B,C). An overall GPA of 3.0 or better must be maintained to remain in good standing with the Graduate School. A student will be placed on academic probation if the GPA drops below 3.00 and will have one semester (excluding the summer semester) to bring the GPA above 3.00.
